

Advanced Precision Supplier Terms and Conditions

General Terms and Conditions	
QA 1	Machining suppliers must furnish inspection report, certificate of conformance and as applicable material and processing certifications for the parts, they submit to Advanced Precision
QA 2	Documented first article inspection reports shall be submitted to Quality prior to the beginning of production. The supplier assumes all financial responsibility for replacement, rework, and material when production of parts is begun without first article inspection approval from quality. AS9102 f/a form when stipulated on .P.O.
QA 3	Any delay in shipment for any reason has to be conveyed to Advanced Precision quality as soon as the delay is known by the supplier.
QA 4	Any change to the contract requirements by the supplier must be approved by the Advanced Precision in writing. Notify Advanced Precision of changes in product and/or process, changes of suppliers, changes of manufacturing facility location and, where required, obtain Advanced Precision approval.
QA 5	All information in the contract must be held in confidence by the supplier and no third party request for information will be authorized unless instructed in writing by a Advanced Precision representative. When ITAR and/or government rated data is noted on the purchase order, the US government restrictions must be followed. If you have any questions concerning ITAR or government rating notify the company buyer. All concerns must be answered prior to you accepting this order. All documents to be retained for 10-year min unless extended retention is required by Advanced Precision or its customers.
QA 6	In addition to Advanced Precision's right of access, the supplier agrees to right of access for Advanced Precision customers, or regulatory agencies to all facilities at any level of the supply chain, involved in the order and to all applicable records in the performance of this contract.
QA 7	Manufactures or machining suppliers must have a quality system in compliance to AS9003, AS9100, or ISO9001; Advanced Precision may make conditional exceptions based on applicable customer requirements.
QA 8	Suppliers are required to notify quality prior to transferring any work to a new facility. Advanced Precision will determine prior to the transfer if the supplier may perform the transfer of work.
QA 9	Supplier must notify Advanced Precision of nonconforming product and ensure process control to prevent Counterfeit Parts from being delivered to Advanced Precision (A product produced or altered to imitate or resemble a product without authority or right to do so, with the intent to mislead or defraud by passing the imitation as original or genuine) "Counterfeit Parts / Material Prevention: Seller shall establish and maintain a Counterfeit Parts / Material Prevention and Control Plan using AS-5553 (Ref. elements of Section 4) and/or AS6174 (Ref. elements of Section 3) to ensure that Counterfeit Work is not delivered to Buyer. The purpose of Seller's Plan shall be to develop a robust process to prevent the delivery of counterfeit commodities and control commodities identified as counterfeit."
QA 10	Arrangements for Advanced Precision's approval of the supplier's disposition of nonconforming material.
QA 11	Requirements for the supplier to flow down to their sub-tier suppliers the applicable requirements in Advanced Precision purchasing documents, including key characteristics and applicable F.O.D. control processes where required.
QA 12	Requirements for the supplier to comply with executive order E13224. Supplier shall not engage in any transaction of any type with persons or businesses or organizations who commit, threaten to commit or support terrorism.
QA 13	Quality system must be in compliance to AC7004, AS9003, ISO9001, or AS9100.
